PIG TAIL STAPLES FOR STUCCO WORK

The use of PIG TAIL STAPLES results in: GREATER EFFICIENCY in holding plaster, with a minimum of cracking and spalling, and a maximum of bonding or key.

LARGER SCOPE FOR THE USE OF STUCCO WORK due to its simpler, better and cheaper method of application.

ELIMINATION OF CRACKS caused by the swelling of wood lath from moisture; also elimination of unsightly wood stains. The staple, being an integral part of the reinforcement, is not affected by atmospheric conditions.

BETTER FIREPROOFING QUALITIES.

REDUCTION OF REPAIR AND UPKEEP COSTS, and many other advantages that will suggest themselves to the PRACTICAL BUILDER.

maintained*

Alert business men know the advantages of being well capitalized. Conditions of commerce and trade change; the well-capitalized business is in a position to take full advantage of every opportunity, it is assured the best protection, is able to absorb incidental losses and thoroughly capable to operate in all ways for success and permanency.

This bank has consistently maintained a very large banking capital (that is, capital, surplus and undivided profits)—one of the largest financial institutions west of Chicago, thus assuring full assistance to its clients—great or small—and making for unusual stability and permanency in operation.

IN THIS DIRECTORY are those of people who ACCOMPLISH THINGS, and are entitled to favorable consideration, if for no other reason than their public-spirited support of measures which make for progress. They represent that ENERGY AND PUSH so essential to the commercial prosperity of the City, and in dealing with them no mistake will be made. The publishers are honored in thus making them better known to the public.

Daily Capacity = COAL 10,000 Tons = COKE 1,000 Tons

A "QUALITY" COAL FOR EVERY PURPOSE

FOREWORD

COAL —its quality—its fitness for given usages—its cost—has caused more worry, more useless experimentation for the home-owner, the apartment or hotel-owner, the large or small manufacturer and the farmer, than all other necessary commodities put together.

WHY? —in the first place the extraction and control of Heat Units is a highly technical subject, little known to the public in general—yea, even to the average retail coal dealer. The consumer orders "good" coal from his retailer, simply demanding "good" coal. The retailer may honestly deliver "good" coal, but fail to satisfy his customer, or luckily fill his requirements one time, but not another.

WHY? AGAIN —Nature has constructed many kinds of coal, and each has a fitness of purpose that will only give satisfaction when used intelligently. Therefore, asking for "good" coal from a reputable dealer is not a sure way of filling your needs, as "good" coal is too broad to be specific.

KINDS —for every usage there is a coal, but unless the consumer has the required technical knowledge and is then absolutely assured he can secure the same kind with each order (which is very doubtful), there is only one method for security, and that is to purchase our Commercial coal, graduated scientifically for best results for given usages and guaranteed to run the same, year in and year out.

COMMERCIAL LUMP—All large, clean lumps—hand-picked—absolutely free from slack and foreign matter—one of the best and cleanest fancy lump coals on the market.

COMMERCIAL GRATE—Ideal for general domestic purposes—uniform—free from slack and foreign matter—loaded carefully with loading boom.

COMMERCIAL STOVE—Hand-picked over slowly revolving picking conveyors—ideal for ranges, small heaters, etc.

COMMERCIAL NUT—Small nut size coal—preferred to coarser sizes owing to low price and good heat—will store as well as anthracite in open.

NOTICE

Owing to the frequency of changes in telephone numbers and to a real uncertainty among telephone subscribers as to the correctness of the latest numbers of their telephone, the publishers of the CROCKER-LANGLEY DIRECTORY having used every possible means to insure the accuracy of telephone numbers as listed in this issue of the Directory cannot assume any responsibility for any inaccuracy or failure of telephone numbers used elsewhere or subsequent lists of telephone number changes.

It will be remembered that the CITY DIRECTORY is not in any way a list of telephone subscribers, and telephone numbers are listed in the City Directory only as a suggestion, under ordinary conditions, of a possible more modern and quicker means of communication.

Is Your House In Order?

When the time comes that your affairs become the affairs of your ESTATE, will your insurance provide:—

1st—Ready cash to pay your debts, inheritance taxes and other claims, leaving your estate intact for your beneficiaries?

2nd—Monthly incomes for your children, for the education you plan to give them?

3rd—Permanent monthly income for your wife, making her independent of her children for all time?

NORTHWESTERN will write these settlements into the policies, so that your purposes in life will be carried out if you do not live to see them through.

INTRODUCTION

The present volume constitutes the 1924 edition of the Crocker-Langley Directory of San Francisco. The work embodies all available and vital data relating to the civic, commercial, financial, social and industrial interests and activities of the municipality.

The publication has had the benefit and advantage of the complete organization of the publishers solely devoted to this enterprise, and of the skill and experience of their corps of enumerators and compilers, in the production of the volume.

The several features of the Directory which have given such satisfaction to patrons in former issues have been retained, while several have been amplified and improved, as suggested by experience. The standard attained in the previous issues is fully maintained in this one, and the Directory will prove to meet the needs and requirements of patrons as fully as its predecessors and be found to be complete in all its parts.

The several departments of the Directory are arranged in the following order:

THE BUYERS' GUIDE occupies pages 5 to 108; this section of the Directory, printed on tinted paper, includes numerous advertisements of the leading manufacturing, business and professional interests of San Francisco. They have been carefully grouped by departments and are indexed under classified headings and otherwise in various parts of the Directory. A casual perusal of these advertisements will picture many interesting phases of the city's activities. They are not display advertisements, primarily, however, but rather are reference advertising at its best. In a bustling, manufacturing city like San Francisco the need for this kind of information readily at hand is very great, and the general appreciation of this need is evidenced by the liberal patronage the city Directory enjoys in many and varied lines of trade.

THE DEPARTMENT OF MISCELLANEOUS INFORMATION is included in pages 117 to 134, and contains data concerning State, City and County Governments, Federal Government officers in the city, the courts, commercial organizations, art societies, cemeteries, crematories, churches (denominational and miscellaneous), colleges and private schools, exchanges, courts, hospitals, homes and asylums, building exchange and associations, institutes and societies, labor unions, libraries, military and naval organizations, public schools, secret societies, etc.

THE STREET AND AVENUE GUIDE is embraced in pages 135 to 159; in this feature the names of all streets and avenues are arranged alphabetically, giving beginning and ending and line of general direction. In the case of the most important streets and avenues, intersecting streets and avenues are shown with the number at the cross streets or avenues indicated.

THE ALPHABETICAL LIST OF NAMES of citizens, business firms and corporations covers pages 169 to 1501.

THE CLASSIFIED BUSINESS DIRECTORY occupies pages 1503 to 1802, and exhibits the various manufacturing, mercantile and professional names, compiled under headings appropriate to the class of industry or profession followed.

THE SAN FRANCISCO CHAMBER OF COMMERCE

The San Francisco Chamber of Commerce stands today, not as a new organization, not as the successor of old ones, not founded upon wreckage, not the result of spasmodic and intermittent organization, but as a consistent and potential civil factor, dating back to its founding; it has kept pace with the times; it is an old and honorable body, and has pride in its heritage, as well as in its vision of future possibilities. It is essentially democratic—as any civic and commercial organization must be. It has wisely and constantly widened its horizon, and has been helpful in every phase and factor in city life. It has cultivated every outlying nook and corner of the municipal corporation, that it might be known of all citizens that the Chamber of Commerce existed for the general good. It has maintained that hospitality and courtesy, in an organized and distinct fashion, that are community assets. It has developed service. The function of the Chamber of Commerce is this: To Promote the Welfare of San Francisco. It inclines to the theory that people who are brought to sober thought, and who are wisely led, and whose public conscience is quickened, will make a better citizenship. The Chamber of Commerce is a public forum. It is a clearing-house. It is a business organization, a civic body, and a social club. It seeks to put into men the very last thought and zeal and motive, that the outcome may represent the sum total of achievement. It seeks to be a leader only in that it masses the groups of individual leaders, and may perhaps make cumulative the value and strength of their leadership.

DIRECTORY LIBRARY

Copies of the latest editions of directories of other cities throughout the United States and Canada are on file in the office of the publishers. Rooms 702-705, at 604 Mission Street, where they are accessible for reference. A cordial invitation is extended to all subscribers to make frequent use of this library.

MUNICIPAL PUBLICITY—ADVERTISING SAN FRANCISCO

An important function of the Directory is to set forth the characteristics and advantages of the city as a place of residence, as a business location, as an industrial site, and as an educational center. The Directory acts as a mirror, reflecting all that is noteworthy in the city in the above respects. In order to spread this information regarding the city broadcast over the country, the publishers place copies of this issue of the Directory in directory libraries, which are maintained in all the larger cities of the country, where they are readily available for reference use by the public. There they serve as perpetual advertisements of San Francisco, for business men the country over realize that the City Directory represents the community as it really is

The publishers take this opportunity of thanking the citizens for valuable assistance rendered in the way of furnishing information concerning themselves, their friends and their business interests for this Directory, and also the public-spirited and progressive business and professional men for support given in the way of patronage.

The Association of North American Directory Publishers is composed of reputable City Directory Publishers, organized for the general advancement of the Directory business. Any person, corporation or firm engaged in business as owner and publisher of a City Directory in the United States or Canada, who shall qualify as competent to gather information and compile a City Directory and furnish satisfactory references, is eligible to membership.

The objects of the Association are:

First. The advancement of the Directory business and the improvement of Directories by the interchange of ideas and the exchange of experienced employes.

Second. To provide protection to the public against fraudulent advertising schemes which operate under the name of Directories, and to drive unprincipled promoters of the same out of business.

Third. To provide permanent and profitable employment to competent, industrious and honest Directory canvassers and compilers.

Fourth. For the mutual protection and advancement of the established and prospective interests of all who may become members, by personal advice and assistance of members as may be mutually satisfactory, desirable or advisable, and by such other means as may, from time to time, be shown to be wise, proper and lawful.

All members of this association have subscribed to the following

STANDARDS OF PRACTICE

1. To consider, first, the interest of the user of the book.
2. To subscribe to and work for truth, honesty and accuracy in all departments.
3. To avoid confusing duplication of listings, endeavoring to classify every concern under such headings as best describe it, and to treat additional listings as advertising, to be charged for at regular rates.
4. To increase public knowledge of what directories and reference media contain; to study public needs and make directories and reference media to supply them; to revise and standardize methods and classifications so that what is wanted may be most easily found, and the directory and reference media be made to serve their fullest use as business and social reference books and directories of buyer to seller and seller to his market.
5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.
6. To solicit subscriptions and advertising solely upon the merits of the publication.
7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers as well as on the number of copies circulated.
8. To co-operate with approved organizations and individuals engaged in creative advertising work.
9. To avoid unfair competition.
10. To determine what is the highest and largest function of directories and reference media in public service and then to strive in every legitimate way to promote that function.

\$100.00 REWARD will be paid by the Association for the arrest and conviction of any person or persons engaged in publishing, collecting or canvassing for any fraudulent or "fake" Directory.

THE UNITED ANCIENT ORDER OF DRUIDS

The order is perhaps the oldest. History speaks of it as an Order of Priests and learned men among the ancient Celts—the race of people who left the parent hive in Asia at a very early period and settled in western Europe. For many centuries preceding the Christian era and at the time of the invasion of the Romans, the Druids was the most prominent and powerful order; they presided over the religious celebrations, and were the judges, legislators, philosophers, physicians and instructors of their people. The order first assumed its present character in England in the year 1771, and was introduced into America in the year 1830. It is a moral, social and beneficial society. Its principles and teachings are derived from ancient Druidism and are founded on reason and sound morality; they do not conflict with any religious system and are perfectly compatible with the laws of any civilized country. In becoming Druids, members are still free men. It is a secret society, and the protection against abuse of its beneficial provisions. The order is firmly established in all countries inhabited by the Caucasian race, and is the only order that has an International Grand Lodge which meets in quinquennial session. Its objects are: To unite men (irrespective of nation, tongue or creed) for mutual protection, to cultivate social virtues, to encourage in business, to assist in obtaining employment, to foster among its members the spirit of fraternity and good fellowship, and by a well-regulated system of dues, provide for the relief of sick and destitute members, the burial of the dead, and the protection of widows and orphans.

STREET AND AVENUE GUIDE

OF THE

CITY AND COUNTY OF SAN FRANCISCO

COMPILED FROM OFFICIAL SOURCES

EXPLANATIONS

According to the method adopted in this city for numbering buildings, Market Street is the starting point for numbers on all streets running from it in a northerly, southerly or westerly direction, and the water front for all streets running therefrom in a westerly or southwesterly direction. The numbers on all streets not commencing at Market Street or the water front run in conformity with the numbers of the main streets running parallel with them, except in the case of a few streets which are numbered in an irregular manner.

On all streets between the water front and Central Avenue the even numbers are on the right-hand side, and the odd numbers on the left, starting from the point of beginning. Beyond Central Avenue most of the streets have been numbered in a contrary manner. One hundred numbers, or as many thereof as are necessary, are allotted to each block bounded by main streets; for instance, Montgomery Street commences at Market, and the main streets crossing as you proceed north are Sutter, Bush, Pine, etc. Therefore any numbers between 1 and 100 will be found on the right or left-hand side of the street between Market and Sutter, between 100 and 200 from Sutter to Bush, between 200 and 300 from Bush to Pine.

In the streets which are numbered, a dash (—) indicates that the cross street does not extend to that side; (o), the street borders on the bay, or public park, cemetery, etc., consequently there are no buildings on blocks thus designated; (c), the street is not opened through the block, or is interrupted in its course at that point by a public square, cemetery, etc.; (e), end of street.

Abbreviations—N, north; E, east; S, South; W, west; Av, avenue; bet, between; nr, near.
